CAREER OBJECTIVES

As a dedicated and skilled software developer with 2 years of hands-on experience in C#, .NET MVC, and .NET Core, specializing in ERP solutions, I am eager to leverage my expertise in a dynamic and challenging environment. My goal is to continually enhance my technical skills, contribute to innovative projects, and drive success through efficient and effective software solutions. I am committed to advancing my career towards a Tech Lead position, where I can mentor teams, lead complex projects, and implement best practices to achieve organizational objectives.

SKILLS

Programming Languages: C#, Javascript, TypeScript

Framework/Platforms: jQuery, Bootstrap, tailwindCSS, ASP.NET MVC, Web API, Entity Framework, Angular 17.

Database Management Systems: MS SQL Server, MongoDB.

Others:

- Using RabbitMQ, signalR, Redis, Docker
- Knowledge about OOP and design patterns
- Knowledge about CI/CD, Jenkins
- Ability to work under pressure and to deadline
